---

Are you passionate about labour rights, organising, and workers' power?

Do you want to contribute to strengthening trade unions and empowering workers' voices across Europe?

IndustriAll Europe is looking for a motivated intern to be part of the team working on Building Trade Union Power. This also involves hands-on involvement in sectoral, regional and local organising, recruitment, and retention activities across Europe.

An intern is someone who is still studying and an internship is part of your final year of educational or academic training. It is based on a contract with your school or university that spells out the learning objectives. We only accept internships for a minimum of 6 months.

We need someone with good analytical and writing skills, as well as good communication and organisational skills. Multiple educational backgrounds are welcome, such as political and social sciences, humanities, legal and economic disciplines.

We offer the possibility to work in a professional and international environment. Financial compensation is foreseen.

If you are interested, please send your CV and letter of motivation by 17 October in which you indicate your engagement with trade unions or other relevant experience, to [vacancy@industrial-all-europe.eu](mailto:vacancy@industrial-all-europe.eu).
